

READ THIS FIRST!

We want to thank you for donating to the Genesis II Church by purchasing the NEW Online Genesis II Church Sacramental Course! This course will teach you about ALL the Genesis II Church Sacraments and how they are practically used in our daily lives. This is what you need to do next:

- 1. You have received the NEW Revised G2 Sacramental Workbook and 49 videos. We recommend everyone download the Workbook and have it printed and ring bound. You will want to have a physical copy to take notes and to refer to while learning or teaching.**
- 2. Also, download each video separately to be used later.**
- 3. Read the introductory information until Page 5 then watch Video #1, the introductory video.**
- 4. Then go to Page 10 and read that section and watch Video #2. Take notes and then go on to the next topic and corresponding video.**

There are 49 Videos that explain each topic we cover in the book. Although this is not a Seminar it is a detailed course.

Note: All videos in HD folder are not HD. We had to use Jim's original ones and they were a lower quality.

Topics covered in this course:

- **How to produce or purchase the Sacramental products**
